

It can sometimes be overwhelming when you first start researching Autism Spectrum Conditions (ASC). This list has been collated to help provide a starting point for finding services, organisation, books, and so on the subject of ASC and everything to do with it! It is by no means exhaustive but intended to point you in the right direction to begin supporting your child.

Learning more about Autism Spectrum Conditions

Midlands Psychology run an “introduction to Autism” course for parents. We also run workshops on various features of Autism including sensory difficulties, motor functioning, behaviour, sleep, emotions, social skills and so on:

www.facebook.com/pages/Midlands-Psychology/254416644725299?ref=nf

A very helpful downloadable information pack for parents published by Autism West Midlands and West Midlands SEN Partnership. This has information about education, transitions, benefits and so on.
